

Learn essential oils

What are essential oils?

- Nature's defense and regenerative mechanism for plants
- Pure extracts from plants (50-70 X more powerful than herbs)
- Carefully steam distilled or cold pressed extraction
- Safe, effective, and affordable alternative to synthetic health remedies

One drop of Peppermint = 28 cups of Peppermint tea

What is Certified Pure Therapeutic Grade (CPTG)?

- Each CPTG oil is **pure** and **potent**
- **Potent** because dōTERRA globally sources oils specifically for therapeutic value
- **Pure** because third-party scientists test every liter before bottling
- dōTERRA essential oils are free of fillers, pesticides, solvents, and additives

• Sustainable Sourcing

How do essential oils help us?

- Provide a safe and natural alternative to commonly used health remedies
- Hundreds of compounds in each essential oil have a wide range of emotional and physical wellness applications
- Used for thousands of years for health, beauty, and food
- Oils work with body to address issue and root causes on a cellular level

How do we use essential oils?

Aromatically diffuse inhale	Internally drink encapsulate	Topically apply massage
Affects mood, memory, and airways	Digestive system, mouth, throat, organs...	Immediate, systemic, localized effect

- Wellness Philosophy

Guidelines for usage:

- **Neat** - no dilution required
